

Two Year Limited Warranty

Strong Dental prides itself on ensuring that each SUAD™ Device is manufactured using the highest quality materials for optimal comfort and ultimate durability. The combination of the inner cast framework and the overlay of premium materials ensures that The SUAD™ Device is the strongest appliance currently available making it an **ideal device to treat all patients**, especially those who also suffer from severe bruxism. Since its introduction in October 2000, over 8,000 SUAD™ Devices have been fabricated with a breakage rate of less than one percent!

The resilience of The SUAD™ Device is reflected in its guaranteed limited two-year warranty. Strong Dental is proud to be the only developer continuing to offer a two-year limited warranty, effective from date of fabrication, with every SUAD™ Device.

Every case you receive will include two copies of the warranty. One copy is for your patient and the other is for your records.
